

**Report of the first online seminar “Educational project on biosafety P633.
Pandemic - questions and answers”**

The first online seminar “Biosafety Education Project P633. Pandemic - questions and answers ” was held on December 18, 2020 as part of the P633-a project.

Teachers of medical and biological educational institutions and other interested persons from different regions of Ukraine (Kyiv, Kharkiv, Lviv, Chernivtsi, Odessa, Poltava) were involved in the seminar.

The main report was made by the Chairman of the Commission on Biosafety and Biological Protection at the National Security and Defense Council of Ukraine, Academician of the NAS and NAMS of Ukraine Komisarenko Serhiy Vasyliovych. Emphasis was placed on the scientific aspects of the problem of the COVID-19 spread in Ukraine and the world and the role of scientists in combating this disease. The book "World Coronavirus Crisis" by Komisarenko SV was also presented at the Seminar (Kyiv, 2020), which will be sent to interested participants of the event.

The meeting ended with an active discussion of the problem, among the main issues - vaccines and vaccination, the possibility of re-infection, real statistics on the incidence.

The participants praised the seminar and emphasized its special relevance in the current conditions.
